Here at the SBDC, we are proudly celebrating International Women's Day. March 8th is a day dedicated to honoring the achievements of women throughout history, across the globe. We stand by women, from all different backgrounds and cultures this day and every day, that band together to fight for gender parity and women's rights.

As part of our support Minority and Women Owned Business Enterprises (MWBE), we have been hosting MWBE Contractor Training Program since 2008. In addition to this training series and our fulltime MWBE expert Mauricio Canton Diaz, we are expanding our capacities to support women and minority businesses thanks to a generous private donation.

For more information on our MWBE services, please contact the office.
