

BUFFALO STATE

The State University of New York

The INC.ubator: Bufalo State Entrepreneurship Club

On September 17th the INC.ubator program was officially launched. The INC.ubator is our Buffalo State College entrepreneurship club and it is managed by the School of the Professions' Small Business Development Center. The incubator offers students entrepreneurial training, an opportunity to meet local business owners, and a chance to participate in the NY State Business Plan Competition 2020, where there is the opportunity to win up to \$10,000. Some of our current members already own a business, some of them are thinking to start one or are just curious and want to learn as much as possible. On going meetings will take place every Thursday at 12:15 at the INCubator suite located at Buckham Hall A107 throughout the semester. All Buffalo State students are welcome to join.

For more information please contact Karina Loera at 716 878 4030 or email her at loerabk@buffalostate.edu.
